

New Growth Landscaping

This is a flexible landscaping assistant job perfect for a student or someone who already has a part-time job.

We usually work in far North Dallas and surrounding communities, so you will need dependable transportation.

The job right now is on a flexible schedule 10-30 hrs. a week, but maybe even full-time when busier. I would prefer landscaping experience, or at least work experience, but good character matters most. The work is fun and fulfilling, and intense so you will get paid to get into good shape.

I start assistants at \$15 an hour.

Please call David at 214.687.1519 to discuss this further.
